**RE: PERMIT MODIFICATION REQUEST – PROPOSED PERMIT AREA EXPANSION INTO PARTS OF SECTION 4 AND 9, TOWNSHIP 19 NORTH, RANGE 5 WEST - PERMIT NO. MK026MN, MENELEE MINING CORPORATION, MCKINLEY COUNTY, NEW MEXICO**

Dear Alaina:

On behalf of Menefee Mining Co.(Menefee), we would like to request to modify Permit No. MK026MN to increase the permit area for the Black Spring Mine to include parts of the south ½ of the southeast ¼ of Section 4 and the north ½ of northeast ¼ of Section 9, T19N R5W in McKinley County, New Mexico. Menefee believes this proposed modification meets the requirements of 19.10.5.NMAC.

This proposed permit expansion area is on federal land administered by the Bureau of Land Management (BLM) and future mining is anticipated through a Contract for Sale of Mineral Materials. The BLM has recently finalized an Environmental Assessment for this area and provided a Finding of No Significant Impact (FONSI) and a Decision Record (DR) for the proposed project, all of which are attached.

Please let me know if you have any questions or comments and if you need any additional information.

Best Wishes,

Bob Newcomer  
Principal
