RE: REQUEST FOR MODIFICATION OF PERMIT OT005MN – MINIMAL IMPACT MINING OPERATION

Dear Sam:

Toltec Mesa Resources LLC (TMR), acting on behalf of W.W. Mining LLC (W.W. Mining), is submitting this letter to request a modification of Permit OT005MN. This request is pursuant to recent discussions Wade White, the owner, relative to your inspection of the Orogrande Place Gold Mine on March 21, 2024.

This proposed modification seeks to increase the design limit from two (2) acres to three (3) acres within the permit area along with the increase in the financial assurance determined by the Mining and Minerals Division. W.W. Mining has not started any operations at this point but would like to increase the design limit to provide more flexibility in their future operations.

The permit modification fee of \$250 is being provided and hand delivered with the annual reporting and payment. Please let us know if you have any questions or need additional information.

Sincerely,
Toltec Mesa Resources LLC

Bob Newcomer
Principal
