

**NOTICE OF PUBLIC MEETING  
STATE OF NEW MEXICO  
OIL CONSERVATION COMMISSION  
SANTA FE, NEW MEXICO  
July 13, 2023  
12:00 P.M.**

The State of New Mexico Oil Conservation Commission meeting will be held in a hybrid format with both in-person and virtual participation options. The meeting will be held in Room 317 at the New Mexico State Capitol, 490 Old Santa Fe Trail, Santa Fe, New Mexico. The Commission's public meeting can also be accessed by using the following link and/or meeting information:

Hosted by Dylan Fuge

Meeting number: 2482 454 2999

Password: JnKmEHqJ388 (56563475 from video systems)

**Join by video system:**

Dial 24824542999@nmemnrd.webex.com

You can also dial 173.243.2.68 and enter your meeting number.

**Join by phone:** +1-408-418-9388 United States Toll; Access code: 2482 454 2999

If you are an individual with a disability who is in need of a reader, amplifier, qualified sign language interpreter, or any other form of auxiliary aid or service to attend or participate in the hearing, please contact Florene Davidson at (505) 470-5480 or through the New Mexico Relay Network at 1-800-659-1779 by **July 3, 2023**. Public documents can be provided in various accessible formats. A preliminary agenda will be available to the public no later than two weeks prior. A final agenda will be available no later than 72 hours preceding the meeting. Members of the public may obtain copies of the agenda by contacting Ms. Davidson by visiting the Oil Conservation Division website at [www.emnrd.nm.gov/ocd](http://www.emnrd.nm.gov/ocd).

**The following items are for discussion and possible action:**

**Case No. 23580:** Application of the Wildearth Guardians in the matter of Proposed Amendment to the Commission's Rules to Address Perfluoroalkyl and Polyfluoroalkyl Substances and Their Use in Oil and Gas Extraction, 19.15.2, 19.15.16, 19.15.31, and 19.15.32 NMAC.

For purposes of the July 13 meeting, the sole issue to be addressed by the Commission is whether to hold a public hearing on the proposed rule, 19.15.3.8(C) NMAC, petition. If the Commission decides to hold a hearing on the petition, the schedule of such a hearing will also be discussed. The Commission will provide 30 minutes of public comment on these narrow questions (i.e., whether to hold a hearing on the petition), with no more than a minute or minute and half per commentator.

**Case No. 23035:** *De Novo Case No. 23035* was dismissed pursuant to a “Joint Motion to Dismiss De Novo Appeal,” which motion also extended the deadline to commence drilling cases 22719, 22180, 22382, and 22313-22316 authorized by Division Order No. R-22205.

**Status Conference for Case No. 23649:** Targa Northern Delaware LLC (“Targa”) seeks authorization to drill and operate a class II acid gas injection (AGI) well, the Red Hills AGI #3 well, at Targa’s gas processing facility (“Facility”) in Lea County, New Mexico. The proposed redundant well (Red Hills AGI #3) will be a vertical well with a surface location of approximately 3,116 feet from the north line (FNL) and 1,159 feet from the east line (FEL) in Section 13, Township 24 South, Range 33 East, Lea County, New Mexico. The Red Hills AGI #3 well will inject waste carbon dioxide and hydrogen sulfide into the Bell Canyon and Cherry Canyon formation from approximately 5,700 feet to 7,600 feet. The maximum surface pressure will not exceed 1,767 psi with a maximum daily injection volume of thirteen (13) million standard cubic feet per day (MMSCFD). The proposed well will serve as a disposal well for treated acid gas at the Facility. The Well is located approximately 20 miles west of Jal, New Mexico.

Given under the Seal of the New Mexico Oil Conservation Commission at Santa Fe, New Mexico.
